Patient with COVID-19 Symptoms?

**YES**

- Symptoms Onset ≤ 12 Days?
  - **YES**
    - **PCR Test or Antigen Test**
      - For Antigen Tests:
        - ≤ 12 Days Lumira
        - ≤ 7 Days BinaxNow
        - ≤ 5 Days Sophia Q-2 BD Veritur
      - **POSITIVE CONFIRMED**
    - **NO**
      - Negative
      - Requires PCR confirmation
  - **NO**
    - **PCR Test**
      - Positive
      - Negative
      - **Positive Confirmatory at this time**
      - **Negative Confirmatory at this time**

**NO**

- Exposure to Confirmed COVID-19 Case?
  - **YES**
    - Community Positivity Rate Greater than or less than 5%
      - **> 5%**
      - **≤ 5%**
  - **NO**
    - **Pooling or Antigen** (if limited PCR)
      - Positive
      - Negative
      - **Positive Requires PCR confirmation**
      - **Negative Confirmatory at this time**

For Negatives if high-risk worker cohort or congregate setting, repeat testing every 3-7 days w/ Antigen or PCR
